**2000 W**

Ribbed plate  
3 grill positions, high temp.

**HD4467/90**

## Discover fuller flavours

Seal in the flavour with high temperature plates

This Philips health grill has high temperature plates to seal in all the juicy flavour. These heat up fast and keep a constant heat, for results you can trust, and can be used in a sloped or horizontal position for different cooking styles.

### Discover variety of fuller flavours

- High temperature grill plates seal in all the flavour
- Adjustable thermostat ensures perfect results for every food
- High power for heating up fast and keeping a constant heat

### 3 in 1 grill

- Multiple grilling positions: table, oven, contact grill
- Table grill position
- Oven position
- Contact grill position

### Simplicity in use

- Non-stick grilling surface
- Dishwasher-safe parts
- Easy to store upright

# PHILIPS

Health grill  
2000 W Ribbed plate, 3 grill positions, high temp.

## Highlights

### High temperature grill plates

The high temperature of the grill plates seals in all the juices and flavour of the food. That's because the moment the food comes into contact with the surfaces of the grill, it begins to sizzle and brown, forming a tasty crust that keeps all the goodness and flavour inside, where it belongs.

### Adjustable thermostat

Wide temperature range (70°C to 230°C) to choose the ideal temperature for each ingredient so that you ensure the perfect results for every food

### Upright storage

Easy to store upright; tidy storage of cord and tray.

### Dishwasher-safe parts

Dishwasher-safe parts make cleaning easy.

### Multiple grilling positions

The grill can be used with the lid sealed, fully open or gratin, allowing you to prepare many different dishes.

1. The sealed position holds in all the flavour and is ideal for grilling meat, fish, vegetables or sandwiches.
2. The fully open position is like a mini-barbeque, perfect for table grilling, fun cooking or warming up your food.
3. The gratin position is suitable for melting cheese onto toast or vegetables such as tomato and courgette.

### High power

The high power of the appliance enables the grill plate to heat up quickly, reaching operating temperature very fast and saving you precious time. It also means that the grill surface keeps its heat when food is placed onto it because the high power ensures a fast recovery to the correct temperature.

### Double grilling surface

Table grill position to grill on double grilling surface.

### Healthy snack

Contact grill position to quickly prepare your healthy snack.

### Non-stick grilling surface

Non-stick surface prevents food particles from sticking.

### Oven position

Oven position to cook your fish, vegetables and pizza.
